JOSIAH TURNER, Jr., EDITOR.

DEATH OF EX PRESIDENT PIERCE.

The telegraph announces the death of ex-President Franklin Pierce. The precarious health of Gen. Pierce for some time past caused this finality to be apprehended with anxiety by his thousands of warm friends and admirers in all parts of the country, over the interests of which he had presided for four years as its Chief Magistrate with marked wisdom, prudence and ability.—The dispatch simply announces the death of the ex-President as occurring at five o'clock Friday morning at his late residence, in Concord, New Hampshire, and ascribes the cause to chronic inflammation of the stomach. Ex President Pierce was born on the 23d of November, 1804, at Hillsboro, N. H., and was consequently in the 65th year of his age at the time of his decease. He was the youngest man to whom the people of the United States have ever entrusted the Presidential office; he was between forty eight and forty-nine years of age when he was elected and sworn into office on the 4th of March, 1853. The nomination of General Pierce for President of the United States by the Democratic Convention of 1852, was made in Baltimore, where the sessions of that body were held. The Virginia delegation, headed by Henry A. Wise, proposed the name of Franklin Pierce on the forty-sixth ballot, and on the forty-ninth ballot he was unanimously nominated, and, so far as electoral votes were concerned, was almost unanimously elected, receiving, as he did the vote of every State but four, 244 electoral votes, against 42 cast for General Scott, the Whig candidate. Previous to his election to the Presidency General Pierce had served several terms in the Legislature of New Hampshire, two years of which time he occupied the speaker's chair of the House. His next step was to the Congress of the United States in 1833, with a re-election in 1835, and an elevation to the United State Senate two years afterwards. He served one term in the United States Senate and then voluntarily withdrew from it. In 1846, after declining the position of Attorney General of the United States, which had been tendered him, he entered the military service as a volunteer in the Mexican war, setting in the capacity of Brigadier General, in which he served with credit, and received the favorable notice of his commander, General Scott.

The term of General Pierce as President of the United States was illustrated by the virtue and patriotism of the occupant of the executive chair, and he went into the retirement of private life afterwards with the purity of his administration untarnished and his friends as warmly devoted as upon the day of entering the White House. With his death has passed away the only surviving ex-President of the United States elected by the people, the two surviving ex-Presidents being those who have succeeded to the chief magistracy by the deaths of their predecessors.

The day of the funeral has not been named. President Grant, in the official announcement of the death of ex-President Pierce, as one of his distinguished predecessors, orders the day of the funeral, when named, to be appropriately observed, the Executive Mansion and Departments at Washington to be draped in morning, business to be suspended, and suitable military and naval honors to be paid the memory of the eminent citizen who has departed from among us. —*Baltimore Sun.*

From the National Intelligencer and Express.

ANYTHING BUT THAT.

One of the great fears of the future, now that the country is turning its back on the Radical party, is that a certain class of men that we don't want among us will turn their backs on that party too, and seek for admission into the Democratic party. For instance there is the Hon. James M. Ashley, Grant's Governor of Montana, and the bosom friend of Conover the convict. From a speech delivered by him a short time since, wherein he gave his adhesion to the "venerable Democratic doctrine" of a white man's government, the mind is filled with apprehension lest he will abandon the sinking Radical hull, with which he ought to go down to the lowest depth that it can reach, and endeavor to get aboard the sound and strong Democratic ship which is just preparing to start out on prosperous voyages. To account for this painful apprehension it is only necessary to remind the reader that Montana, whither Ashley was transported to rule, a few weeks ago, in her election for delegate, gave a Democratic majority of about two thousand.

Then there is Benjamin F. Butler, the man whose name is indissolubly linked with spoons, pictures, pianos, Dutch Gap canal, and New Orleans, who probably has a larger pocket for other men's possessions and a larger faculty for frightening women and children than any other man. It is hinted at that there is also danger to the Democratic party from his contemplated appeal for admission into its ranks. Nothing could be more distressing and disastrous than that the door should be opened to this hero, with all his shining possessions.—Let the augmentation of our numbers take any shape but that, and our firm nerves will never tremble.

Again, there is Parson Brownlow, the torch and turpentine Senator from Tennessee, who, in the late election in that State, went dead against the Radical candidate Stokes, and stoutly for the Conservative candidate Senter. Bitter far would it have been for us had he gone dead against a stone wall than ever we had seen the day that he supported a man whom the Democrats support. From this, and other circumstances that have come to our knowledge, but which we need not go into here, "the mind is filled with foul suspicion" that some foul play is contemplated, and that Brownlow threatens to declare himself a Democrat.

There are hosts of others of this sort who are meditating precipitating themselves upon the Democratic party. We may give their names hereafter. We have not satisfactorily learned that Mr. Wendell Phillips is among them. Lest he may be, however, we warn him in advance that we have no room in our midst for such a firebrand. Beecher has been hinted at, but he cannot be trusted, knowing as we do the rapid manner in which he turned his coat at the Cleveland Convention in 1866.—Greely has not yet formally asked permission to join us, but we are expecting every day that he will. We shall endeavor to consider his case without prejudice, when he does. Mr. Charles Sumner, of Massachusetts, in his late speech in a State canvass completely forgot to say anything about State matters, and branched off in his usual stilted style, into national affairs. We especially hope there is no covert squint towards the Democratic party in this, and that he is not endeavoring to get upon the same honorable political ground with John Quincy Adams. To Sumner and all the rest of these gentlemen we cannot conscientiously say come.

DOTY'S WASHING MACHINE,

LATELY MUCH IMPROVED,

AND THE NEW

UNIVERSAL CLOTHES WRINGER.

Improved with Bowkill's Patent Double Cogwheels, and the Patent Stop, are now unquestionably far superior to any apparatus for washing clothes ever invented and will save their cost twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:

"We like our machine much; could not be persuaded to do without it, and with the aid of Doty, we feel that we are masters of the position."—*Rev. L. Scott, Bishop M. E. Church.*

"It is worth one dollar a week in any family."—*N. Y. Tribune.*

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."—*Rev. Theodore L. Cuyler.*

"I heartily commend it to economists of time, money, and contentment."—*Rev. Dr. Bellows.*

"Every week has given it a stronger hold upon the affections of the inmates of the laundry."—*N. Y. Observer.*

"Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our machine,' after a year's use, is thought more of to-day than ever, and would not be parted with under any circumstances."—*Helen Robinson.*

"Your Washing Machine has been in daily use in our laundry and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near so much as the old fashioned wash-board. By using it one laundress is dispensed with."—*Wm. M. F. Round, Superintendent of Infant Department of St. Catherine's Nursery, N. Y. City.*

PRICES.—A Fair Offer.

Send the retail price Washer $14, Extra Wringer $9, and we will forward either or both machines, free of freight, to places where no one is selling; and so sure are we they will be liked, that we agree to refund the money if any one wishes to return the machines, free of freight, after a month's trial, according to directions.

No husband, father or brother should permit the drudgery of washing with the hands, fifty-two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Canvassers with exclusive right of sale make money fast selling them.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, OCTOBER 13, 1869.

OUR STATE FAIR.

In view of the importance of the subject, and its influence upon the industrial interests of the State, our readers must be a little lenient, if we appear to give too much space to matters in connection with our approaching State Fair. We know there are many persons who do not expect to send anything to the Fair, nor to come themselves, who, of course, will not feel a great deal of interest in anything said about it; but we hope such will remember that others who *are* interested in the success of the Fair, and thousands who have a proper appreciation of the good results of such an institution, desire to have all the information we can possibly give in regard to it; its prospects of success; the rules and regulations to be observed by exhibitors, &c., hence we are compelled to give, (and we do it with a great deal of pleasure) a considerable portion of our space to this subject, just at this time. We hope this explanation will be deemed sufficient for those who say, they "can't open the SENTINEL without seeing it '*stuck full*' of the State Fair.

Now, as to the Fair, itself. We have no doubt, from indications daily given from various parts of the State, that it will be a decided, a complete, and a triumphant success. No labor has been spared on the part of the Executive Committee to make the arrangements perfect and complete on the grounds, and every effort has been made to provide for the comfort and convenience of exhibitors and visitors. By correspondence and otherwise, the services of gentlemen well qualified have been secured to read essays on various important subjects during Fair week, which must prove interesting and instructive.

It was, at first, feared that the exhibition of articles for competition, in the various departments would be meagre, but more recently facts lead to the anticipation of a very full representation, not only from our own State, but from abroad, and that the display of live stock, mechanical implements, agricultural products, domestic articles, works of art and miscellaneous goods will be such as would have been creditable even in the most prosperous days of our State.

And there will be a tremendous influx of visitors to the Fair, too. The Committee are getting letters from some points even remote, asking information in regard to accommodations, &c. We think we can venture on the promise that no one that comes will necessarily have to lodge on the "cold, cold ground." What the Hotels and our many excellent Boarding houses cannot do in furnishing accommodation to those who come, will be supplied on the most moderate terms by our private citizens.

So, let every body come that can; and all who have anything worth exhibiting let them bring it along.

THE LIME BED BRANCH.

What has become of the suit to enjoin the Western North Carolina Railroad Company from expending the appropriation of $80,000, to build the Lime Bed Branch Road? The Statesville American said the Company was going on, in the face of the Judge's order of injunction. Is this so?—If it be, does the Judge tolerate it? What Judge granted the injunction? Has he no nerve? We trust he is not afraid of the "Ring."

We are gratified to see that the people of the West don't favor that little *private* enterprize, and that they feel outraged at this scheme of the "Ring," for private gain at the expense of the suffering people.—We venture to say, at the outset, that the Western people did not, and would not endorse it. We see the Asheville *News* repudiates it, and we learn from private sources that the people are indignant at it. This is as it should be in all such cases, and the people are right to speak out.

This Lime Bed Branch Road, is one of the boldest and wildest of the enterprizes of the "Ring." We are not surprised that the friends of the concern wanted Vance and Merrimon and McDowell out of the way. It seems, the friends of the Branch were not content to have the appropriation, but they let the construction of the Road to a *favorite, at the Engineer's estimate without notice to the public.* The Board of Directors approved this—Vance, Merrimon and McDowell voting against it.—Who voted for it? Let the public have the names of the friends of this little private enterprize of the "Ring." It is well enough to let the people of the State, and especially the people of the West, *mark their friends!* Let the record be made up; it will be cited, by and by.

A large meeting was held in Salt Lake City on Thursday night to take action for the admission of Utah into the Union. The matter will be pressed at the next Congress.

A man's best friend is a dollar or two, says an exchange. Two dollars or two dollars and a half is a better friend—and so on up. The more, the more so.

CENTRAL BAPTIST ASSOCIATION.

FRIDAY, Oct. 8.

The Association met at 9:30. Devotional exercises led by Dr. Wingate.

Report of Treasurer showed a balance in hand of thirty-six dollars, which, on motion of Rev. W. T. Brooks, was divided equally among the then objects of State Missions, Foreign Missions and Education.

The next session of the Association will be held with the new Baptist Church, about 18 miles Northwest of Raleigh, Rev. J. L. Carroll to preach the opening sermon, Rev. J. S. Purifoy, Alternate; Rev. Dr. W. Royall to preach the Missionary sermon, Rev. W. T. Brooks, Alternate.

Rev. W. Brooks read the report on Foreign Missions, which furnished cheering evidence of the activity and success of our missionaries abroad, especially in China, and of the increased interest and liberality of the churches in behalf of this sublime enterprise. Spirited addresses were made on this interesting topic by Rev. Rufus Brooks, J. L. Purifoy, Pritchard, Wingate, W. B. Howell and Captain Justice, and many entertaining facts, and encouraging statistics as to the signal success which has attended the labors of missionaries in foreign fields during the past fifty years. This work has been attended with peculiar difficulties.

In many countries, not only has there been a necessity for the translation of the Bible into strange and difficult languages, but the very language itself has had to be reduced to form and system by the missionaries; they have been obliged to make grammars and dictionaries before they could begin the work of translation. Then they have had to encounter the strongest conceivable opposition not only from the false systems of religions, which the Gospel would overthrow, but also from the social customs and usages of the country, as the system of *caste* in India, and the most sacred affections of the human heart, as the *ancestral worship* of the Chinese, with which the Gospel most fatally interferes.—Judson labored in Burmah for seven years before a single convert gladdened his weary heart, and the Morovian missionaries of Greenland had to wait longer than that before they saw any fruits from their labors. If now we consider the stupendous nature of this enterprise, the almost insurmountable obstacles to be overcome, the smallness of the number of missionaries, and the meagre measure of faith and money which the christian world has expended in this work, we surely ought not to be discouraged by the results. The Bible has been translated into one thousand different languages and dialects, and it may be safely said that *five-sixths* of the entire race of man can read the Scriptures in their own language. In India, there are about a hundred thousand children in christian schools, and the converts to christianity in that country alone, number more than a hundred and twenty-five thousand, while there are now more than one thousand two hundred missionaries and preachers at work there for Jesus. It is computed that there are at present in the foreign field, in all parts of the world, about three thousand European and American Missionaries with six thousand assistants; that the converts in the churches are over two hundred and fifty thousand, while there are not fewer than *five to seven hundred thousand souls* under the immediate influence of the Gospel in heathen lands. One of the largest churches in the world is in the Sandwich Islands, where the Gospel was not known before the beginning of the present century. They have built them a church at the cost of twenty thousand dollars. And many of these churches are not only self-sustaining, but contribute to spread the Gospel in other countries. There were added, it is said, to a single church in China during the past year, as many as a hundred members, which is much better than the majority of the churches in christian America have done.

Special mention was made of the talents and services of Dr. W. T. Yates, who went to China, some twenty-four years ago from this State, and who is said to be the oldest missionary of any Church who speaks a language of Asia.

Rev. J. S. Purifoy moved that steps be taken to unite the Raleigh and Central Associations in the effort to raise the salary of Dr. Yates, and a Committee consisting of Dr. Pritchard, Capt. B. W. Justice, and Col. J. R. Harrison, was appointed to make overtures to the Raleigh Association, to this effect. Subsequently it was resolved that the Churches raise for the support of Dr. Yates, at least 25 cts per member during the next year.

Adjourned after prayer by Dr. W. B. Howell.

SATURDAY, 9, 30.

Devotional services conducted by Rev. W. A. Atkinson.

The report of financial Committe, show the following exhibit:

Cost for individual expense,	$70 00
Funds for Foreign Missions,	329 54
" " State Missions,	548,91
" " Education,	486,10
" " Sunday Schools,	1575,00
	$2819 55

The report on the condition of the churches read by Dr. Royall, lamented the small number of additions reported, but stated the fact that several of the churches had just held series of meetings, by which many would be brought into the fold of Christ.

Rev. W. T. Brooks and Dr. Wingate exhorted professing christians to come up to the New Testament standard of piety in the church and the family, and to attain to a vigorous christian manhood by energy, activity and self-denial.

The report on State Missions was read by Dr. Wingate, and a humorous speech was made by Rev. W. T. Brooks in regard to the just pride he should cherish for our State and benevolent operations.

Rev. W. Walters, Corresponding Secretary of the State Mission Board, submitted some facts by which it was made to appear that the Baptists of North Carolina gave more money to missionary purposes in their own State, *relatively*, than those of any other Southern State. About $7,000 had been raised last year for this object, but owing to various causes, but chiefly the general drought, the amount realized this year would be considerably less than that.

After some further remarks from Rev. N. F. Purifoy, the report was adopted when Professor W. B. Royall submitted the report on Sabbath Schools, which shows that during the past year the Sabbath Schools of the fourteen Churches of this Association had 172 officers and teachers, and 1,400 scholars, a net gain of 585 for the year. After speeches on this engaging topic by Rev. W. B. Royall, Mr. Broughton and N. B. Howell, Capt. Justice made a statement of the work done by the Baptist S. S. Association of the State.—Over two thousand dollars had been raised and expended in planting schools, and aiding feeble schools, and in endeavors to organize the sunday school workers of the state. A number of District Associations had appointed S. S. Superintendents to look after the general interests of the work in their bounds, and on motion, Rev. N. F. Purifoy was selected for that office in this Association.

In the afternoon, Dr. Pritchard read the report on ministerial education, which stated the gratifying fact that Wake Forest College was in successful operation—that there were some twenty young men there studying for the ministry, of whom about twelve are beneficiaries, and appealed to the churches for money or provisions by which these young men may be sustained. The author of the report made a speech in its support in which he said that the great want of the Churches was *more ministers and better ministers.* If we had more ministers worthy of the name, the lamentable custom of the Churches of having preaching but once or twice a month would give place to the New Testament rule of service, every Sabbath day, and if we had *better* ministers we would need no agents, to whom we have to pay a salary, to stir up the Churches to do what the pastor should influence them to do. If we had faithful ministers there would be no lack of money to carry forward all our enterprises. While the want of money was, in some measure, due to the illiberality of the Churches, it was, in larger measure, due to the want of faithfulness on the part of the pastors who have failed to train their Churches to give money. Dr. Pritchard said that he believed *giving money was a means of grace,* and he charged the majority of ministers with being cowards on the subject of money. The preachers were the officers of the army of the Lord, and when the character of the officers was raised, the discipline and efficiency of the army would be improved.

Rev. W. T. Walters stated that the wants of the Board of Education were pressing, when Drs. Wingate and Pritchard and Rev. W. T. Brooks, each, pledged themselves to support, out of their own pockets, one young minister for the year.

A cash collection was then raised for this object of $3 500.

Rev. N. F. Purify read the report on Periodicals, recommending the Biblical Recorder, Kind Words, Childs Delight, S. S. Banner, and Home and Foreign Journal.—After remarks by Dr. Royall and others, Dr. Pritchard raised a club of eleven subscribers for the Biblical Recorder.

The last report read was submitted by Col. J. R. Harrison on Temperance, which was supported by a speech abounding in facts and figures of a startling character, setting forth the cost, and destructiveness of intoxicating drinks. After resolutions of thanks to the Church at the Cross Roads for generous hospitality—the body adjourned till 9 30, Sunday morning, when addresses were made by W. H. Pace, Rev. C. Dobnam, Capt. B. W. Justice and Col. J. R. Harrison.

The Missionary sermon was preached at 11 A. M. by Dr. T. H. Pritchard from Matt. 5th; 13th, *"on the salt of the earth."* Whatever may have been there of the ability of the discourse, it was certainly long enough, continuing through *eighty minutes.* Rev. W. D. Banks preached an excellent sermon in the afternoon on "the power of the Gospel." Thus ended a pleasant and profitable session of the Central Association.

GOOD FOR UNION.

Whilst Judge Buxton was holding Court last week, in Union county, the proceedings were interrupted by a noise in the Court yard. The Sheriff was ordered to arrest the offenders, and going out he promptly returned with three men in custody. One was a large, rough looking, ex-gray jacket, another was a one armed *ditto,* and the third was a middle aged man, known as a drunkard and a Radical. Before it being demanded of them why they had been disturbing the Court, the large gray jacket, with a great deal of coolness and dignity, spoke as follows: "May it please your Honor, I was as good a Union man as ever fluttered, and tried hard to keep off the war, but when it did come I went in and did my best for the South. A little while ago, near the door of the Court House, I saw this man (pointing to the Radical,) insulting and tearing up a picture of Gen. Lee, I couldn't stand that, and my one armed friend, here, undertook to resent it too, but I knew he was not able to do it properly with one armed. So I shoved him aside and was preparing to lick the man who did it when the Sheriff arrested me. And, may it please your Honor, I hope God may strike me down if I don't pitch into any man, anywhere, and at any time, who insults General Bob Lee in my presence!"

His Honor fined him five dollars, which he handed over to the Clerk—perhaps all he had—and walked out amid the deep but silent feeling of the crowd.

Poor fellow, he had a *soul!* He belongs to no "Ring," does not sell the best feelings of his heart for gold or office, but treasures up as something sacred, the memories of the glorious and unfortunate past, filled with its visions of heroes living and dead. What a simple fellow! Yet let us thank God that there is such simplicity left among us. It will grow in Heaven's good time.

A NOVEL CASE IN COURT.—In the Hustings Court of Richmond city, Va., on Friday last, a young man of mixed blood, claiming to be a son of Wm. O. George, deceased, of Richmond, and made legitimate by the marriage of said George to his mother, Caroline Jackson, colored, applied for letters of administration upon the estate of his alleged father. The *Whig* of Saturday says:

"He was represented by Mr. Shippen, a member of the Philadelphia bar, where his mother resides and the marriage is said to have taken place, and several of the most eminent of the Richmond bar appeared in opposition to the motion. The counsel for the young man introduced evidence to show that William O George lived for many years in cohabitation with one Caroline Jackson, a colored woman, in the city of Richmond; that she bore him two children, and that on the 21st of April, 1869, he married the said Caroline Jackson in the city of Philadelphia. Letters were also read from William O. George, in which he recognized the children to be his, both before and after the marriage, and showing that he had for years exhibited great affection and love for his children and wife. Judge Bramhall granted the application, and the young man qualified as administrator of his alleged father.—The papers throughout the United States have estimated the property involved at from $50,000 to $90,000. We suppose Mr. George was worth between $50,000 and $75,000.

The Queen of Prussia offers five hundred dollars to every woman in the kingdom that has given birth to twelve children.

At Stockhom, Sweden, when a sewer was dug recently, the hull of a vessel was found 11 feet under ground, which is estimated to have been there about three hundred years.

A portrait of Napoleon Bonapart, taken, it is said, when he was four years old, has recently been found in Corsica.

There is a Chinese school on the Five Points in New York.

The anvil chorus is to be sung at the Sydenham crystal palace by eight thousand voices, with accompaniment of anvils, cannon and bells.

GLASS SPECTACLES,
Superior to any other in use—constructed in accordance with the science and philosophy of nature, in the peculiar form of
A CONCAVE CONVEX ELLIPSIS,
Admirably adapted to the organs of sight, and perfectly natural to the eye, affording altogether the best artificial help to the human vision ever invented. Used only by
MORRIS BERNHARDT,
SPECTACLE & OPTICAL MANUFACTURER.
THE ADVANTAGES of these Spectacles over all others are:
1. They can be worn with perfect ease for any length of time at one sitting, giving astonishing clearness of vision, by candle or any other artificial light, comfort to the spectacle-wearer hitherto unknown.
2. How to select Glasses. It requires professional guidance even when a good article is offered. Dr. Bernhardt not only has the best Glasses that can be found in the market, but careful y examines the eyes of his patients, and gives indispensable advice as to the proper selection of them.
3. When the eyes ache or pain through the action of a bright light, such as is reflected from the snow, sunny weather, white paper, and in reading, writing or sewing, or vivid colored bodies; those lenses, by softening the rays effect a most agreeable sensation and give great relief.
4. These spectacles are scientifically adjusted to every case of defective sight with unerring accuracy, whether arising from age, strain, over work, or premature decay, by Dr Bernhardt on a new and exact principle, entirely his own, which has seldom failed to be correct.
5. After several years of public practice, adjusting spectacles to patients under every aspect of defective vision, as well as experience in an extensive, long established business in his Optical Stores, both here and in Europe, Dr. Bernhardt considers it a sufficient guarantee of his ability to supply such glasses as are best calculated for the assistance of imperfect sight.
6. M. Bernhardt, to signalize himself from the host of pretenders in his profession, with pride submits for inspection, copies of testimonials he has received from medical gentlemen of the most unquestionable respectability and talent in America; also a number of certificates from well known gentlemen of distinction who have tested his spectacles—the originals of all which he will be happy to show to those who may request it. The use of any of the following names or certificates hereunto affixed, without an actual possession of the same, would be a forgery, a capital offence, punishable by State imprisonment.
Testimony of Recommendations from Medical Gentlemen, Professors of the highest Opthalmic talent in Raleigh, N. C., and in the Union
Raleigh, Aug 24, 1869.
I have carefully examined Prof. Bernhardt's Spectacles, and take great pleasure in recommending him to those who, having defective vision, can be made to see more clearly and distinctly by the use of glasses. He has wonderful skill in this respect. The pair he has supplied me with are of Brazilian Pebble, of most superior quality and excellent finish. They enable me to see how to read, or write, at the ordinary focal distance, as clearly and distinctly as I did twenty years ago. I very cheerfully bear testimony both to the Professor's skill and to the wonderful properties of his glasses.
CHAS. E. JOHNSON, M. D.
Raleigh, N. C., Aug. 24, 1869.
I take great pleasure in saying that the Glasses I have obtained (and am now using) from Dr. M. Bernhart are to me a source of greater comfort than any I have previously used; my own experience fully sustaining the testimonials of excellence and commendation which he has received from gentlemen of science, and high character, in various parts of our country.
WM. G. HILL, M. D.
Raleigh, N. C., Aug 24, 1869.
I take pleasure in stating that I have examined the glasses of M. Bernhardt, Oculist and Optician, and think they are of the best material, and constructed on scientific principles. I would advise those in need of glasses to call on him.
Very respectfully
F. J HAYWOOD, M. D.
Raleigh, Aug. 24, 1869.
Doctor Bernhardt called at my house and exhibited to me his fine assortment of Australian Crystal Glasses, which are of a very superior quality and workmanship. I take pleasure in saying that the glasses I have obtained from Professor Bernhardt are to me a source of greater comfort than any I have previously worn and cheerfully commend them to those who may be in need of glasses.
W. H McKEE, M. D.
Raleigh, Aug 25, 1869.
After an attentive examination of the various glasses in the possession of Dr. M. Bernhardt, accompanied with his explanation of his mode of preparing and adjusting them, it is with great pleasure I state my belief of his great skill, and of the benefit which those needing glasses must derive from his assistance.
R. S. MASON, D. D.,
Pastor Prot. Episcopal Church.
Raleigh, Aug. 25, 1869.
Dr. M. Bernhardt, Oculist and Optician, has fitted me with a pair of Spectacles superior to any article of the kind I ever had before. The material is Australian Crystal, the quality of which renders vision very clear and distinct, and enables me to read and write with as much ease as I did ten or twelve years ago. His assortment of glasses is most complete and the finish apparently perfect. I take great pleasure in recommending him to all who need their sight improved.
DRURY LACY, D. D.,
Late Pres't. of Davidson College, N. C.
Raleigh, Aug. 24, 1869.
It gives me pleasure to bear witness to the extraordinary value and excellence of the glasses prepared and furnished by Prof. Bernhardt. To those who need artificial aid for their vision he will be of the highest service.

EXECUTIVE DEPARTMENT,
Raleigh, March 28, 1866.
I have examined a large number of the glasses of Prof. M. Bernhardt, and with pleasure certify to their superior excellence. I wear a pair of them and see as perfectly as I could in my youth. They are the best I ever used, and I therefore heartily recommend him to the patronage of the public.
JONATHAN WORTH,
Governor of North Carolina.
State of South Carolina,
EXECUTIVE DEPARTMENT,
Columbia, June 19th, 1866.
Sir: I have made a full and satisfactory test of the Spectacles procured from you, and I have the pleasure to say that the glasses are better adapted to my eyes than any I have ever used. The facility with which you fitted the glasses to my eyes, furnished me conclusive evidence of your scientific skill in optics and your thorough experience as an Oculist.
Your attainments in your profession entitle you to the confidence, patronage and gratitude of the public. I have the honor to be,
Very respectfully yours,
JAMES L. ORR,
Governor of South Carolina.
Prof. MORRIS BERNHARDT, Charleston, S. C.
Wilmington, March 31, 1866.
I have examined a number of Professor Bernhardt's Glasses and am now using a pair of them, and take pleasure in testifying that they enable me to see better than any others that I have used, while in his collection there seem to be some adapted to remedy any kind of defect in vision.
THOMAS ATKINSON,
Bishop of North Carolina.
Nashville, April 27, 1867.
The difference between Dr Bernhardt and most Opticians is, according to my observation, that while they pretend to more than they know, he knows more of his business than he professes.

NEW ADVERTISEMENTS.—A fine display of light and interesting reading may be found under our new advertisement head, to-day, to which we would call the special attention of every reader.

More extended notices hereafter. The Local is too busy starting to the Henderson Fair to write more now.

THE ALLMAN CASE.—The Counsel for the prisoner, Allman, tried last week for the murder of Lassiter, moved, yesterday, for the discharge of the prisoner, on the ground that he ought not be put in peril twice for the same offence. The Court refused to grant the motion, and an appeal was taken to the Supreme Court. The prisoner was admitted to bail in the sum of $2,500.

ADJOURNED.—The regular Fall term of Wake Superior Court adjourn yesterday, (Tuesday) after calling over a thousand cases on the civil docket, on some five or six hundred of which judgment was entered, referred or dismissed. His Honor, from his manner of retiring from the Bench, was considerably tired of the work.

PERSONAL.—Hon. Wm. A. Graham, of Hillsboro', was in the city yesterday.

Henry Smith will have on hand, this evening, a supply of nice fresh oysters. Persons wishing to supply themselves should leave their orders at the Telegraph office, not the Express office, as heretofore stated.

Skiff and Gaylord's Minstrels gave another of their highly pleasing and entertaining Concerts last evening. Again a crowded house greeted them, and everybody seem to enjoy themselves hugely. The troupe, we believe, go next to Goldsboro' and Wilmington, and we heartily recommend them to the patronage of our sister cities.

MIND YOUR EYE.—We are requested by Dr. M. Bernhardt to say that he is in Henderson this week, where he will remain during the Fair, and may be found at Kittrell's Hotel, where he will be pleased to see those who may desire his services for weak or imperfect sight.

Dr. Bernhardt has been several weeks in Raleigh, during which time he has furnished a large number of persons with his Brazilian pebble and Australian crystal glasses, and in no instance that we have heard of, has he failed to give satisfaction; on the contrary, those who have obtained glassed from him express themselves as highly gratified.

STATE FAIR, ITALIAN BEES.—We are pleased to learn that both Salem and Asheville, will send specimens of Italian Bees to our State Fair. The Bees will be in glass hives so that the operation of honey making can be witnessed. We hope our friend, Macey, will not be outdone, but will show what Wake can do in such matters. Remember the Fair begins on the 19th October.—All articles in the State sent for exhibition pay no freight going or returning.

BARN BURNED.—We learn that the barn of Mr. Francis N. Mullen, of Camden, was burned a few nights since; loss about $3,000. Insured in the N. C. Home Insurance Company to $1,900. The fire was the work of an incendiary, who kindled a fire in the middle of the barn floor.

The loss, we have no doubt, will be paid promptly.

AN APPEAL TO THE LADIES.—The Executive Committee of the Agricultural Society would be most happy to obtain the assistance and co-operation of the Ladies in fitting up and arranging articles for exhibition in Floral Hall, next week, and in taking charge of the same, in connection with the efficient Superintendent of that Department. The men can do pretty well with the horses, cows and hogs, wagons, plows, and such things, but ladies' taste and taste are absolutely necessary to a proper arrangement of articles at Floral Hall. Ladies who may have leisure will confer a favor by tendering a helping hand to this work.

(It was suggested to us to extend this invitation to such gentlemen, also, as might have leisure, and be willing to help, but we considered it unnecessary, knowing that if the Ladies volunteer, the men can't be kept away.

THE LOUISIANA EQUITABLE LIFE INSURANCE COMPANY OF NEW ORLEANS.—This is one of the very best companies in the country. It has the endorsement of Bishop Wilmer, Gens. Beauregard, Hood, Harry Hays and the leading men of New Orleans. General Beauregard says: "Its Officers and Directors have been selected from our most reliable and intelligent citizens.

Instead of sending $40,000,000 annually North, our citizens can find better companies at home.

HENDERSON FAIR.

The Central Agricultural Society is composed of Farmers from Granville, Warren and Franklin counties, who have manifested their zeal for improvement and the advancement of agricultural knowledge in a manner worthy of imitation by all parts of the State.

The Fair which commenced yesterday, Tuesday, is the eleventh Annual Fair held by this Society, and, judging from the signs of the first day, promises to be a grand success.

While we write, the Chief Marshal, Thomas Capeheart, Esq., with his Assistants, are marshaling the throng, accompanied by a band of music, to the Fair Grounds. Capt. Belcher, the oldest turfman in the U. S., is here with representatives of the Planet, Glencoe and Boston blood of horses. P. R. Davis, Esq., of Warren, and Capt. Capeheart, of Granville, exhibit thoroughbreds. Gen. John Morgan, the great quarter horse is here. Mr Kimball, of Halifax, has a fast pacer; Dr. Young a fast trotter, and Col. Green several fine horses. Many, if not all, of these will be at our State Fair next week.

Of Agricultural implements and other manufactures, we notice the following: Joseph B. Davis, of Petersburg, a fine lot of Agricultural implements; C. Scott, of the Rock Island Manufacturing Company, at Charlotte, N. C., exhibits 25 samples of Cassimeres, Satinets, Flannels, &c.

J. H. Lassiter, has two pigs, 6 months old, that weigh 185 pounds each.

Mrs. Wilson exhibits 48 articles of home manufacture, among them nine different kinds of wine.

The Ridgeway Stave Company exhibit many articles.

A young lady of Granville exhibits silk trimmings for Cloaks, of home manufacture.

"Time and tide wait for no man," and Railroad trains are of the same way of thinking, or acting; and as the train is about leaving, our notes of the Henderson Fair must be abbreviated for to-day.

Let not the Executive Committee or the friends of our State Fair indulge a moment's despondency, for Granville, Franklin and Warren could make it a success; what may not be anticipated, then, when all the other parts of the State bring forth their contributions?

More to morrow.

LECTURE AT THE M. E. CHAPEL.—On Sunday night, Rev. Mr. Carden, pastor, delivered a lecture at the Methodist Chapel in this city, to a large audience. His subject was "Religion."

N. C. BONDS.—These are the lowest on the list of all the Southern securities.—Whither are we drifting? Let the people look to it in time! Mismanagement and corruption are rampant.

We clip the following sentence from the financial article of the New York *Herald* of the 6th inst. It will be recollected that no interest is being paid on any of the "State bonds" except these very "*tax bonds*:"

"In Southern securities there was a steady market for all the issues except the North Carolina tax bonds, which continue the victim of speculative manipulation, and today took a downward turn, reaching 44 late in the afternoon."

A negro man was shot and killed in Union County near Monroe, on the 20th ult., by a Mr. Burton Laney.—*Raleigh Sentinel.*

Guess Mr. Burton Laney does not belong to the "League." The *Sentinel* item is too short for that.—*Newbern Times.*

Mr. Laney *belongs* to the Republican party. We don't know whether he belongs to the "League" or not. No good citizen ought to belong to any *secret* political association. White people ought not to fool the poor colored man into such political traps.—*Charlotte Democrat.*

BANDS OF PLUNDERERS.

Have we organized bands of plunderers around us? Most assuredly we have, and the numbers are large, well armed, and reckless of the lives of those whom they rob. Discovery of these miscreants, and a bold encounting of them by a single individual, desirous of protecting his property from these depredators would almost certainly result in his death.

A short time since, not many miles from this city, a respected farmer on going out early in the morning found that he had been robbed of potatoes and other productions. Further investigation disclosed the fact that the band was large, and that before proceeding to their work of robbery they had stationed an armed picket before his front door, his back door, and his chamber window. The trampled ground, the end of a cartridge bitten off, and other signs told the tale, and taught the planter the danger he had escaped.

Who will doubt that his life would have been sacrificed, had he been awakened by the plunderers and made an attempt to discover what was going on?

This is not an isolated case, but one of many, nightly occurring near us.

Should the planters band themselves together, and patrol their neighborhoods, and shoot a few of the miscreants, the cry of Ku Klux would be raised, so much more important it is to save the lives of a few worthless *voters* than to protect the rights and property of the planter and farmer who is striving to earn an honest living for himself and family.—*Journal of Commerce.*

WASHINGTON.

WASHINGTON, Oct. 12.—Nothing but routine business in the Revenue Department. Delano and Deputies and Solicitor, all absent on election business.

Since 1st October Boutwell has purchased six millions bonds, one million for the sinking fund.

The Supreme Court considered the case of Moses Warning ex the Mayor and Aldermen of Mobile, in error from the Supreme Court of Alabama. The question is: Can the State of Alabama, either directly or indirectly, authorize the interference with Plaintiff's suit, it being imported from England and brought as ballast by ships coming to Mobile for cotton, and taxed by State authority? The Plaintiff claims it can not, according to clauses in the Constitution relative to commerce. Hon. Jno. A. Campbell, of Alabama, appeared for the first time since he resigned his Judgeship.

Edwin T. Merrick, of Louisiana, and Wm. Yerger, of Mississippi, brother of Ed. M. Yerger, of the habeas corpus case, were admitted to the Bar to-day.

VIRGINIA.

RICHMOND Oct. 12.—The Court of appeals of Virginia composed of Judges appointed by Gen. Canby, met to-day, but adjourned to the January term, after spreading on the minutes an order, setting forth that the adjournment is in view of the rapid progress of reconstruction and that in a brief period, judicial and other officers may be elected to fill places now held by authority temporarily conferred by acts of Congress. The order adds:

"Many believe that the ultimate decision of Congress may be heard in the interval between this and the next appointed term of this Court, and it is deemed expedient and proper not to proceed to the transaction of further business at this time. The reasons leading to this conclusion it is not deemed necessary at this time to state. James B. Unmunghasn, colored, has been appointed Post Master of the city of Manchester

STATE OF NORTH CAROLINA, NEW HANOVER COUNTY.
IN THE SUPERIOR COURT.
William A. Wright, as Executor of the Will of Thomas H. Wright, dec'd, and others,
vs.
James G. Green, Mary B. Campbell and others.
Foreclosure of Mortgage.

The complaint in this action is filed for foreclosure of mortgage upon certain real estate situated near the City of Wilmington, to secure the payment of a promissory note under seal for fifteen hundred dollars, payable to Thomas H. Wright or order dated the twenty-sixth day of October, A. D., 1858, and executed by James S. Green.

The defendant, Mary B. Campbell, is summoned to appear at the term of said Court to be held at the Court House, in Wilmington, on the 6th Monday after the fourth Monday in February, A. D. 1870, to answer the complaint of the said plaintiffs. If the defendant shall fail to appear at that time, the plaintiffs will apply to the Court for the relief demanded in the complaint.

THE UTLEY
COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes; and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS. H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

Be Beautiful. If you desire beauty you should use Hagan's Magnolia Balm.

It gives a soft, satin-like texture to the Complexion, removes Roughness, Redness, Blotches, Sunburn, Tan, &c., and adds a tinge of Pearly Bloom to the plainest features. It brings the Bloom of Youth to the fading cheek and changes the rustic Country Girl into a Fashionable City Belle.

In the use of the Magnolia Balm lies the true secret of Beauty. No lady need complain of her Complexion who will invest 75 cents in this delightful article.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,92
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,49
THE ÆTNA,	15,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in the country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,237 new policies, more than any other Company, except the Mutual Life, received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."

SCHOOL BOOKS.

UNIFORM SYSTEM OF

TEXT-BOOKS

FOR NORTH CAROLINA.

Office Publishers' Sup't of Introduction,
Raleigh, N. C., Sept. 25, 1869.

A DEPOSITORY has been established at Raleigh, in charge of Mr. Alfred Williams, for the following books, which were adopted Aug. 9th, 1869, by the State Board of North Carolina for uniform use in the Public Schools:

Parker & Watson's National Primer.
Parker & Watson's National Spellers.
Parker & Watson's National Readers.
Davies' Arithmetics.
Monteith & McNally's Geographies.
Monteith's Youth's History of the U. S.
Reed's System of Penmanship.

The New Descriptive Geography of North Carolina will be ready about the middle of October next. The Maps, &c., are now being engraved as rapidly as possible. This work will be furnished with Monteith & McNally's Series, without extra charge.

Prof. Jerome Allen's Complete System of Map Drawing will also be furnished to the Public schools with Monteith & McNally's Series, without extra charge.

The books will be supplied at exceedingly low rates to the Public Schools in the state.

Similar terms will be made accessible to private schools adopting the above named books uniformly.

Pupils attending the Public Schools will, in accordance with the State contract, be furnished with new copies of Monteith & McNally's Geographies and Davies' Arithmetics in exchange for old copies of Cornell's Geographies and Quackenbos' Arithmetics, which they may possess.

Books will be supplied, carefully packed and shipped, by

ALFRED WILLIAMS,
Depositary, Raleigh, N. C.

Teachers and Educators generally are respectfully invited to correspond with

C. W. LAMBETH,
Agent for the Publishers
and Sup't of Introduction.

From Dr. Wm. B. Harrell, Prin. High School, Snow Hill, N. C.:

Snow Hill, N. C.

"I am much pleased with both the Spellers and all the Readers; and, as to the series of Geographies by Monteith & McNally, I have long need two of. ers when these could be obtained.

From Rev. Albert Smedes, D. D, Rector of St. Mary's School, Raleigh, N. C.

Raleigh, N. C.

I have examined the Geographies—Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable. ALBERT SMEDES.

From J. W. Gulick, A. M., Prin. Male Academy, Goldsboro', N. C.:

Goldsboro', N. C.

I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular. Jr W. GULICK.

From Col. Wm. Bingham, Prin. Bingham School, N. C.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology, and in a form so ample and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. Cross, Prin. Durham Academy, N. C.:

Durham, N. C.

I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition. M. CROSS.

From M. L. Little, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.

Newton N. C.

Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work. M. L. LITTLE,

From Rev. S. Ivey, Prin Auburn Academy N C.:

Auburn, N. C.

Monteith's Geographies are excellent works, and I shall introduce them into my school.

STINCLEON IVEY.

Prof. Wm A. Obenchain, writing from Hillsboro' Military Academy, says:

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. E. Dugger, Esq., Prin. Male Academy, Warrenton, N. C.

Warrenton N. C.

"Davies' Mathematics" was adopted by me in 1858, and, up to this time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation. J. E. DUGGER.

From W. C. Kerr, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kinds. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts; and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. C. D. Bernheim, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.

Mt. Pleasant, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance. C. D. BERNHEIM.

From Prof. Jos. H. Fox, President Stantonsburg Scientific High School, N. C.

Wilson, N. C.

I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the "National Series of Readers and Spellers" the best with which I am acquainted. I shall henceforth use no others in my school, and I shall furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.

I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——, which stands next best on the list.

McNally's, the fifth book of the course, is decidedly the *chef d'oeuvre* of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit. J. H. FOY

From the Statesville, N. C. *American*, February 20th, 1866.

We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller. The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1866.

National Second Reader.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1866.

National First Reader.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. *Daily Herald*, 1866.

The National Series has attained probably a higher reputation than any other complete series of School Books now in existence.

GULLETT'S COTTON GIN.

ON EXHIBITION AT MY STORE, A "GULLETT'S STEEL BRUSH GIN."

The Gin is of a very superior style of workmanship, gins more Cotton in a given time than any Gin of the same number of saws; picks the seed cleaner; leaves no motes or nap; does not waste the lint by throwing it over the walls of the room where it is being ginned; does not cut the lint, but brings it out in beautiful bats.

Planters desiring Gins would do well to buy one of Gullett's, as each one is guaranteed, and if it does not have the advantages, over other Gins, named in this advertisement, after fair trial, it will be no sale.

The "Gullett Gin" has been awarded the Premium at the several STATE FAIRS of Louisiana, Alabama and Mississippi.
